 San Francisco, CA 94104*

*I am an ecologist and evolutionary biologist at the University of Colorado in Boulder and co-founder, with Jane Goodall, of Ethologists for the Ethical Treatment of Animals. I looked into Arvay' s work at length because I wrote an unpaid foreword for one of his English books. Plant science as well as landscape ecology and health ecology are subjects of biology. Clemens Arvay is a biologist.*

*Marc Bekoff, PhD*

*Professor Emeritus of Ecology and Evolutionary biology  
 University of Colorado in Boulder*
